Internationally used for overseas export ...

Developped in partnership between our different services and the main exporters groups, the tray-pack SEMEX will guaranty you all the qualities needed for overseas exportation.

New composition of paper paste and new recipe of colouring ensure you a better inflexibility and an optimum security wherever the destination.

Tested by independent laboratory, our SEMEX meets European standard EN 646 and that's why it's referenced by all the French and European exporters.

Spécifications	
Colours	Blue
Pallets	Filmed with top 
	Our trays are made of paper fibres and meet the European standards n° 94/62/CE et EN 646. They are biodegradable and recyclable in the same way as papers and card-boards.

Number of fruits per bushel	Number of fruits per trays	Calibre	Number of layers with or without top
