

Think different, pack in molded fibre

Alsace, Bourgogne

Bordeaux, Champagne...

Wines & Champagne

Specialist of the bottle tray market, SEM provides a large range of fibre trays and interlayers for all kinds of standard bottles and remains at your disposal for any specific request.

Protection...

Designed to fit perfectly the shape of bottles, SEM fibre trays and interlayers ensure an optimal protection for the bottles and their labels.

SEM trays protect efficiently the most vulnerable products during all the storage, transport or handling operations.

Distribution...

With their attractive aspect, SEM trays and interlayers will be for your bottles far more than just a simple cushion.

Made from recycled materials and totally biodegradable, our trays are fit to secure your products worldwide exports.

Automatisation...

Especially designed for easy denesting, our trays and interlayers can be used by all manual, semi automated or fully automated packing units.

Allowing fast and simple handling, our references are suitable to all denesting and automatic materials.

Our range... ➔
